

An aerial photograph of a coastal area. In the foreground, there's a residential neighborhood with houses and a green field. In the middle ground, a large industrial facility with several white storage tanks and a dock with a ship is visible. The background shows a large body of water with a city skyline in the distance.

VIRGINIA COASTAL RESILIENCE MASTER PLAN

Matt Dalon, PE CFM
Program Manager, Virginia Coastal Resilience Master Plan
matt.dalon@dcr.virginia.gov

Master Planning Framework - Goals

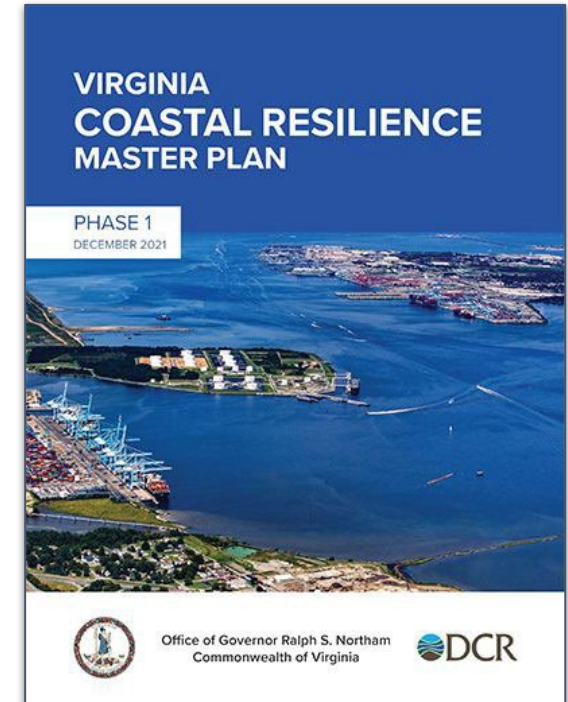

1. **Identify and prioritize projects** to increase the resilience of coastal communities, including both built and natural assets at risk due to flooding and sea level rise
2. **Establish a financing strategy**, informed by regional differences and equity considerations
3. **Incorporate and promote climate change projections** into Commonwealth's programs addressing coastal adaptation and protection
4. **Coordinate** state, federal, regional, and local coastal region adaptation and protection efforts

What We've Done [Phase 1]

Phase 1 Process

March 2021

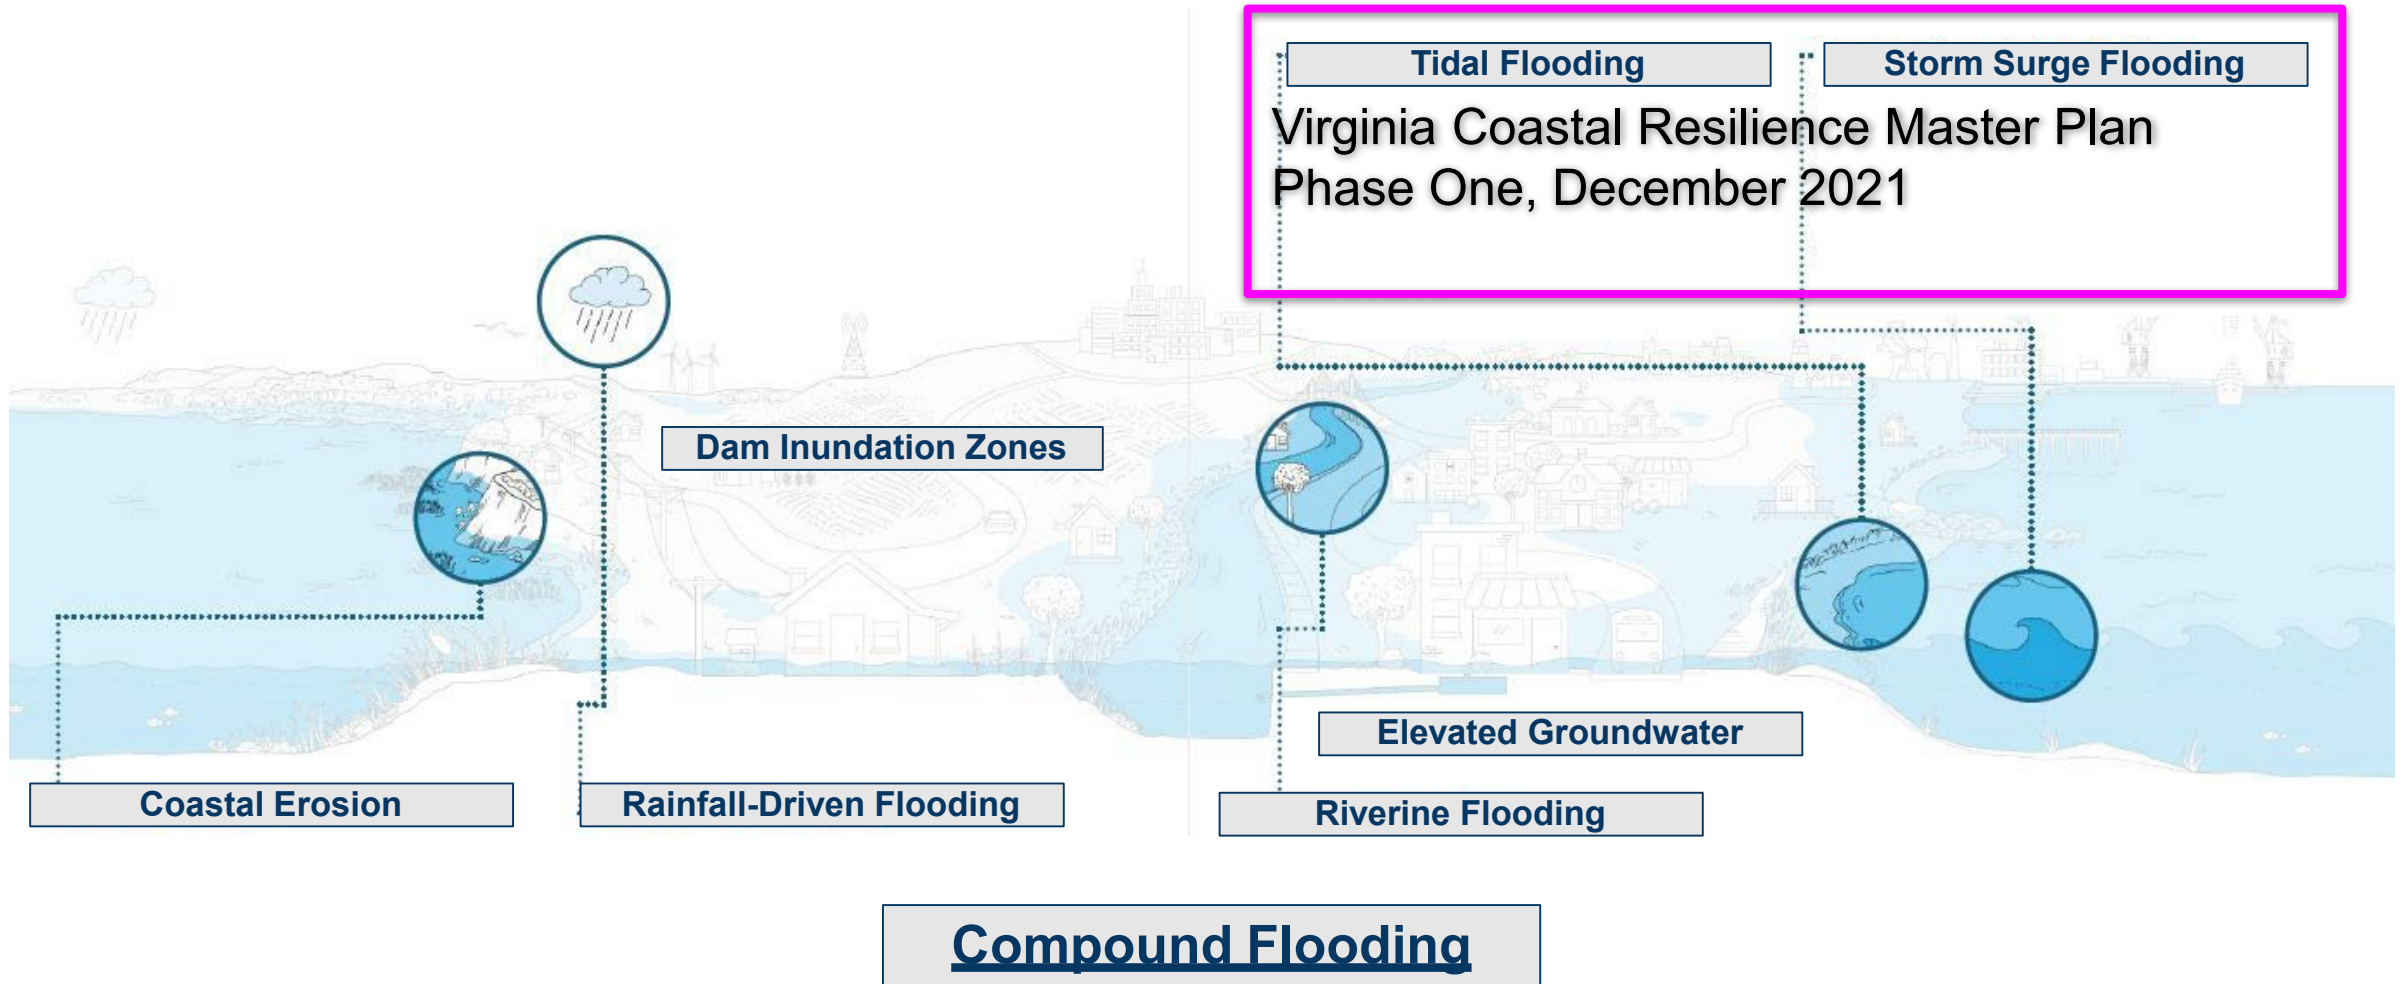

December 2021

Virginia Coastal Resilience Master Plan

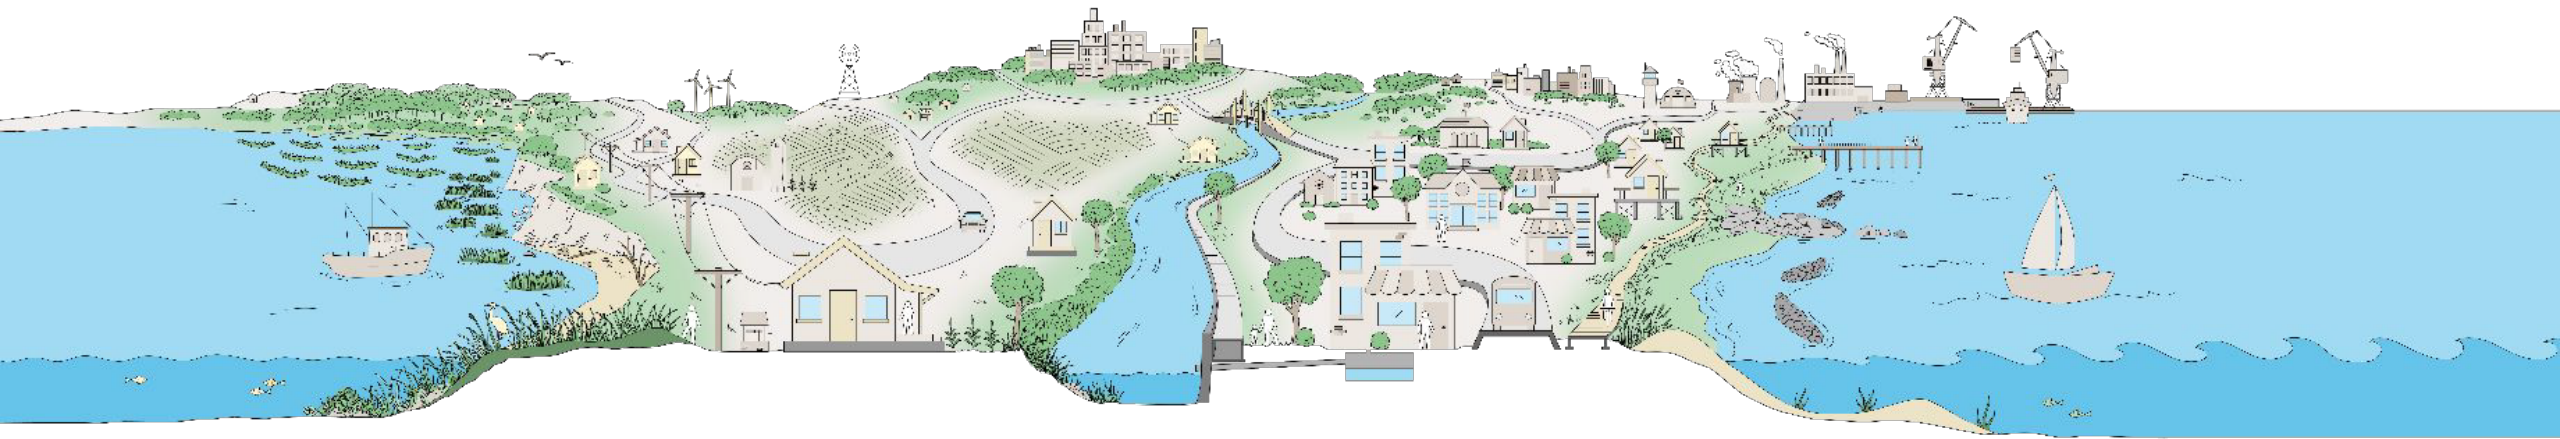

dcr.virginia.gov/crmp/

What's in Phase 1

What's Next

GA 2022 Session HB516/SB551 [effective 7/1/22]

codified the Coastal Resilience Master Plan and the Technical Advisory Committee and established the following:

- Virginia Flood Protection Master Plan - NLT Dec 2026
- Quarterly Coastal Resilience TAC Meetings - NLT Sept 2022
- Community Outreach and Engagement Plan - NLT Dec 2022
- Annual Flood Resilience Meeting - NLT July 2023
- Bi-Annual Status of Flood Resilience Report - NLT July 2023
- Coastal Resilience Master Plan - NLT Dec 2024

Virginia Coastal Resilience TAC

[HB516/SB551]

- Quarterly meetings
- Comprised of representatives of state agencies, coastal planning district commissions, regional commissions, academic advisors, and any other representatives as needed
- Tasks:
 - risk evaluations and project prioritization protocols are regularly updated ...
 - statewide and regional needs are addressed ...
 - the Master Planning Framework is adhered to in the development and updating of the Virginia CRMP
- Review the Virginia CRMP and receive updates on the Virginia Flood Protection Master Plan
- May be called upon to assist the Virginia Flood Protection Master Plan

Coastal Resilience Master Plan

[HB516/SB551]

- Update to the CRMP:
 - All major flood hazards, including precipitation-driven flooding;
 - List of all projects considered and an update of the status of all projects previously implemented;
 - Comprehensive risk assessment of critical human and natural infrastructure.
- DCR
 - Serve as the lead administrator and implement the Virginia Coastal Resilience Master Plan and the Virginia Flood Protection Master Plan.
 - Integrate the Coastal Resilience Master Plan and the Flood Protection Master Plan

Community Outreach and Engagement Plan

[HB516/SB551]

Shall prepare a **Community Outreach and Engagement Plan** for updates to the Plans

The outreach and engagement plan shall:

1. Ensure affected and vulnerable community residents have **access and opportunity to participate**
2. **Seek out and consider such participation**, allowing the views and perspectives of community residents to shape and influence

Community Outreach and Engagement Plan seek from representatives of

- Virginia Indian tribes,
- community-based organizations,
- the public health sector,
- nongovernmental organizations,
- civil rights organizations,
- communities impacted by recurring flooding, and
- VDEM Equity Working Group

Community Outreach and Engagement Plan

Status Update

- Draft Schedule
 - May-August 2022 Draft Development
 - August-October 2022 Public Comment Period
 - December 2022 Published
 - 2023-2028 Implementation
- Draft Document Outline
 - Purpose of Plans
 - Purpose of COEP
 - Why Public Participation?
 - How Public Participation?
 - Guiding Principles
 - Overarching COEP Strategy
 - Location-Specific COEP Strategy
